

Health Security Plan

Implementation of Health Security Plan at UniSport

- We inform our customers to only visit our facilities in good health and without any symptoms of an illness.
- We highly recommend our customers to pay attention to good hand hygiene while entering, using and leaving our facilities.
- We have hand sanitizers in our facilities available in multiple locations as well as a possibility to wash hands also in other locations than the restrooms.
- We highly recommend our customers to use our online services and to use our self-service terminals located in our sport facilities.
- There is a plexiglass shield between our clients and employees at our customer service desks.
- Receipt printers, barcode readers and card readers are in customer's reach.
- We don't accept cash – exercise vouchers are accepted as an exception.
- We have increased the cleaning of our facilities. In addition, our own staff will tidy up our sport centers on a regular basis.

Health Security Plan

Gym Training

- Our staff will tidy up the gym area on a regular basis. and the gym area will be thoroughly ventilated when possible.
- We have sufficient distance between our aerobic devices. With respect to other training equipment, we ask our customers to observe the safety distance recommendations while training.
- We ask our customers to clean the equipment thoroughly after training.

Group Exercise

- We ask our customers to keep a safe distance to our other clients.
- In our facilities, we provide kits for cleaning the training equipment after use.
- All the Sport Instructors will have their personal microphones with a use of a microphone cover during the classes.
- Between the classes, we try to enhance air ventilation at our sport centers (where it is possible).

Health Security Plan
